Bills: Motion made by Councilman McDaniel , Seconded by Councilwoman Kuhman

Treasury Report:

Water Usage: December, 2013 5,030,900

*keep tally on water usage. Possible leak?

Unfinished Business:

New Busines:

Mary Zichko

*Athol Beautification day-Would like to get community involved in cleaning up Athol, possibly helping out seniors with their yard etc. Maybe during earth day/Arbor Day week, can possibly get the school involved as well. It would be a project Councilwoman Zichko would take up on her own and if anyone else wanted to help out.

*Building Maintenance-figure out where drain exits, nobody really knows for sure. Need to figure out where pipes exit building. Consider bringing in someone to help determine where drain goes. With the Christmas dinner the drain backed up. Also check into re doing floor of gym as well as leak on roof above stage in gym. Will have Stephen check into.

*Disable accessibility- brought up having disable access to gym, people cannot get up to the gym if a function going on. Different possibilities to look into possible ramp, chair lift etc/ if feasible. Stephen will look into and do some checking.

*Old city hall building starting to deteriorate/ could restore building/about 16k. possible install bathrooms, tear down building, move building. Building has a lot of history, maybe get into historical society, discussed closing in big shop/ get estimates on cost of everything.
