**OTHER BUSINESS:**

1. **Budget Discussion** – Update on FY 2017 (Lori) A copy of last year’s Profit & Loss by Class was given for reference, as well as a P & L Budget vs Actual for the current year to date. After a brief review of each the council began reviewing the newest draft the Mayor and staff put together. Some of the potential projects were discussed as they were identified in the budget. Basically, the General Fund is balanced and has no real concerns by council, as for the streets it’s close to being balanced pending any information Lori can get regarding how to best manage the payment/payback to the water fund from the Street fund. Finally, in discussing the Water fund- as it is purposed if we use a carryover of \$65,000.00 from the LGIP water fund to be used in this year budget will allow for the projects identified. Lori will do some final research and may adjust the numbers a little before the council meeting next week, so that a tentative budget may be posted for the public hearing to be held at the regular August council meeting. (8/16/16 ay 7pm)
2. **Discussion on Medical, Dental and Vision-** Premium collection of payment to the city, in the event an elected official wants to purchase medical for themselves and/or their family. It was discussed they are to pay 2 months in advance so that the city is not ever paying their bill in advance. Consideration to also setting up Access Idaho to begin taking credit cards on-line- which allows for people to set-up re-occurring payments.
