- 1. WORKSHOP RELATED the Discussion and drafting up a Request for Proposal for the Updating of the City's Comprehensive Plan.** Planner Rand shared with council he would like to really be a part of this comprehensive plan update and that he feels he has an even better handle on where the city is at and his hopes with this revision of the plan it's best to really make it as helpful to the staff and elected officials as possible. This really should be more helpful in the daily policy and bigger picture making decisions.

The council agreed to give Rand some time to see if he can figure a way to hire someone or find someone to do the work himself rather than doing up a whole request for proposal. Rand said based on the things we have been discussing he thinks he understands the scope of work to be needs to be done and the components in which will be focused upon more in the revision of this plan.
